

## Product Description

BCP® Overvoltage Protection Basic Protection 3 Pole Gas Tube arrester GDT 8 pair Magazine For High band Module

## Features & Benefits

- Designed for High Band Modules, as overvoltage protection functions.
- Could installed 3 pole overvoltage arrester (GDT).
- Material of Plastic Parts: PBT/ABS/PC, Fire-Resistant
- Color: Grey base with grey body.
- With Yellow Mark.
- Specifications: 8 Pairs, For High Band Module
- Flame Retardance: UL94-V0
- Pin: Silver-plated Phosphor Bronze
- Markings: Dust Cover Or Lighting Mark Cover

## Applications

- Telecommunications
- LAN

## Technical Specifications

|                         |                                               |
|-------------------------|-----------------------------------------------|
| Plastic Material        | ABS & PBT (UL94V-0)                           |
| Contact Material        | Phosphor Bronze                               |
| Surface Plating         | Silver (0.5um - 5um)                          |
| Earth Bar               | Phosphor Bronze, Surface Plating Nickel       |
| Storage Temperature     | 40°C - 70°C                                   |
| Operating Tempereure    | 10°C - 60°C                                   |
| Relative Humidity       | 95%, non-conditional                          |
| Insulation Resistance   | 1000Mohms minimum                             |
| Contact Resistance      | 5Mohms maximum                                |
| Dielectricity Intensity | 1200v DC 60s cant spark over & havent fly arc |

### Ordering Information

Use combinations of **bold** letters and numbers to create part numbers for ordering.
