

### Product Description

BCP professional 24-port modular KSJ patch panel offers a perfect solution for high density applications. This panel offers excellent help for organisation, provided 24 ports which are organised into four modular panels which can be easily labelled.

### Features & Benefits

- Rear organiser for tidy cable management at back
- 24 modular KSJ ports, divided into four modular panels
- 24 labels, organised into four colours
- Earthing/grounding
- Available in 1U
- ANSI/TIA-568-C.2 Standard of 2009
- ANSI/TIA-568.0-D Standard of 2017

### Applications

- Data and Server Racking
- Cat 6A, Cat 6 or Cat 5E RJ45 Modular Jacks
- Data Centres
- LAN installations

### Technical Specifications

|                       |                                                                                 |
|-----------------------|---------------------------------------------------------------------------------|
| Norms                 | ISO/IEC 11801 3rd Ed., EN 50173-1, ANSI/TIA-568-C.2, ANSI/TIA-568.0-D           |
| Housing material      | 1.5 mm SPCC cold rolled steel sheet, powder-coated                              |
| Material standard     | EN 10 130(1991), BS 1449, NFA 36/401, DIN 1623, UNI 5866, ASTM, SAE, NFA 36/401 |
| Grounding             | Central ground connection                                                       |
| Operation Temperature | -20° C to +70 °C (ISO/IEC 11801, EN 50173-1, ANSI/TIA/EIA-568-C.2)              |
| Size (mm)             | 483(w) × 44.5(h) × 95(d)                                                        |

Ordering Information

Use combinations of **bold** letters and numbers to create part numbers for ordering.
